2025

The scholarship data collection and management program helps fulfill students' financial support needs, expands educational access, and enhances student welfare.

### Recapitulation of Scholarship Recipients Faculty of Dakwah and Communication Sciences, UIN Syarif Hidayatullah Jakarta, Year 2025:

This scholarship distribution and data collection program was implemented by the Faculty of Dakwah and Communication Sciences, UIN Syarif Hidayatullah Jakarta in 2025 to meet students' needs for financial support and academic support facilities. Its primary objective is to ensure equal access to education, improve student welfare, and provide recognition for students meeting eligibility criteria under various scholarship schemes.
