Evidence ID	Date / Period	Location / Activity	Description
[DOC-01]	2025	FDIKOM UIN Syarif Hidayatullah Jakarta	Faculty scholarship recapitulation showing the number of recipients per scholarship scheme

3. Program Explanation Narrative

Background and Objectives

This scholarship distribution and data collection program was implemented by the Faculty of Dakwah and Communication Sciences, UIN Syarif Hidayatullah Jakarta in 2025 to address students' needs for financial support and academic support facilities. Its main objectives are to ensure equal access to education, improve student welfare, and provide recognition for students who meet the assistance criteria under various scholarship schemes.

Program Implementation

The program was implemented through data collection, selection, and recapitulation of scholarship recipients managed by the faculty throughout 2025. This service covers the management of various types of tuition assistance, ranging from social institution scholarship programs and government programs to special student facility assistance.

Results and Benefits

Based on the 2025 Faculty Scholarship Recapitulation document, the details of assistance recipients are recorded as follows: STF Scholarship Recipients: 9 students, Indonesia Bangkit (BIB) Recipients: 2 students, KIP Scholarship Recipients: 93 students, Karya Salemba Empat (KSE) Recipients: 4 students, PPSDM Scholarship Recipients: 4 students, UPZ Masjid Fathullah Recipient: 1 student, PLN Scholarship Recipients: 5 students. Based on calculations from the faculty recapitulation, the total number of recipients across all schemes is 118 recipient data entries.
